

HALLOWE'EN LUCKY FOR WEDDINGS OF EIGHT LAWRENCE'S

Father, Mother and Seven Children Celebrate Their Joint Anniversary.

Eight couples, all related, celebrated their wedding anniversaries last night at a belated Halloween party at the home of Mr. and Mrs. Arthur B. Somers, No. 988 Sterling place, Brooklyn. By an unwritten law of the family, Mr. and Mrs. Andrew W. Lawrence of No. 555 Bedford avenue and seven of their ten children were married on All Hallow's Eve, and they meet every year to celebrate the event and relate the happiness and misfortune that have befallen them during the previous year. Mr. and Mrs. Somers, who entertained this year, celebrated their silver anniversary. Mrs. Somers's parents, Mr. and Mrs. Lawrence, were fifty-eight years married and were the liveliest couple during the evening.

LIST OF THE OTHER COUPLES WHO CELEBRATED.

The other couples who were married Halloween and were guests at the joint celebration were Dr. and Mrs. E. P. Lawrence of Flushing, thirty-two years married; Dr. and Mrs. A. W. Lawrence, celebrating their eighteenth anniversary; Mr. and Mrs. Frank Hearn, their seventeenth; Mr. and Mrs. Walter Lawrence, their eleventh; Mr. and Mrs. Hiram Lawrence, their eighth; and Dr. and Mrs. George Lawrence, their fifth.

There are living twenty-eight grandchildren and four great-grandchildren. But on this occasion only the married sons and daughters, with their husbands and wives, were present.

Asked why so many of the children had chosen Halloween for their wedding, Mrs. Somers said:

"We all consider my father's and mother's marriage the happiest in the world. When it was time for us to get married we wished to follow the example set us, and knew that we would be luckier and happier by choosing the same day they did than if we decided on different dates."

HALLOWE'EN LUCKY DAY TO GET MARRIED.

"My mother has ten children, all of whom are living today. We all married well, and decided to pattern our lives after our parents. I don't believe there is a happier home anywhere than right here and were it not for the fact that one of my sisters is in Florida and that one brother is in Montana I am sure we would all be here together. I think Halloween is the best day in the year to get married, and the other members of the family heartily agree with me."

Asked if the weather didn't dampen her spirits somewhat, Mrs. Somers declared:

"No, indeed: if it didn't rain we would believe misfortune was going to befall us. Mother and father were married in the worst storm of the year. When I was married we had alternate storms of snow and rain. It was the same with all the other members of the family, and it has rained, nine times out of ten, when we had a reunion. The rain has always brought us good luck."

STANDARD OIL MEN BEATEN BY PIERCE AND BOUGHT OFF

Rockefeller Loses Control of the Waters-Pierce Oil Company.

Henry Clay Pierce of St. Louis and New York has beaten the Standard Oil crowd. It was formerly announced today that the Rockefeller people had let go of their 2,748 shares out of the 4,000 shares of the stock of the Waters-Pierce Oil Company, the purchasers being Mr. Pierce and his friends, and the price paid for the stock was in the neighborhood of \$20,000.

This is a very different ending from the one that was expected when the Standard Oil people in May began suit in the United States District Court at St. Louis to oust from the company Mr. Pierce, his son, Clay Arthur Pierce, and officers and directors in sympathy with them. They asked for an injunction to prevent the Pierce crowd from exercising their functions as officers and directors.

The attempt to take over the Waters-Pierce Oil Company was the outcome of a stockholders' meeting when the inspectors of election refused to receive the vote of the majority stockholders upon the ground that such a course would put them in contempt of court with the Supreme Court of Missouri, as well as the United States Supreme Court, which had decided against the monopoly features of Standard Oil methods.

In defense of the action begun against the Pierce crowd the case was shifted to New York City, and subpoenas were issued for twenty-four officials and stockholders of the Standard Oil Company, including John D. Rockefeller and John D. Archbold. By them the Pierce people started to prove the existence of a monopoly in restraint of trade even after the order of the highest court compelling the dissolution of the Standard Oil Trust. Mr. Rockefeller was called and he shifted everything to the shoulders of Mr. Archbold, who has been scheduled to appear for weeks. Adjournment after adjournment was taken. He was scheduled to appear last Monday. Instead, the Standard Oil people began to dicker with the Pierce crowd either to buy or be bought out, preferably the latter.

By the terms of the sale Mr. Pierce acquires all the stock in the Waters-Pierce Oil Company held by John D. Rockefeller, William M. Rockefeller, Henry M. Lagler, John D. Archbold, Charles M. Pratt and the Pratt estate; also the holdings of Oliver H. Payne and the holdings of the Harkness family and that of a large number of other shareholders. Announcement of the conclusion of the negotiations was made by the Pierce interests.

An Irresistible Appeal. (From the Washington Star.) "How did you break that boy's of his practice of breaking windows?" "Easily. I told him nobody did such things except little girls who were learning to be militant suffragettes."

LAST CAMPAIGN TRICK MAY BE A WARRANT AGAINST CANDIDATE

Thomas F. Devine Expects Such a Move by Democratic Rival in 17th District.

Thomas F. Devine, who is a candidate for State Senator on the Republican, Bull Moose and Independence League tickets in the Seventeenth District, was going around to-day expecting at any moment to be arrested charged with illegal registration. He says the trick of his political enemies and is inspired by his Democratic opponent, John J. Boylan. The Democrats of the district are hinting that they expect to add to their campaign funds a large share of the \$20,000 reward which Mr. Devine himself offered for the conviction of any voter for illegal registration.

Mr. Devine has a home at No. 327 West Eighty-fifth street, which is in the Seventeenth Senatorial District. But he asserts that he has a legal voting residence at No. 101 West Sixty-third street where he rents a room and has rented it for three years from Mrs. Dooley. This room is in the district in which he is running for office.

The Election Board had Mr. Devine before it yesterday and after hearing his statement and looking at his rent receipts from Mrs. Dooley dismissed the charge. Democratic workers from the district were known to be in mysterious consultation to-day with Commissioner Waldo and Chief Magistrate McAdoo, and Mr. Devine was inclined to think that it might be in the issue of a warrant.

"The thing won't hold water for an instant if it is issued," Mr. Devine said. "I am a reporter for The Evening World, and I am a purely political fabrication. It shows what my opponent thinks of my honesty."

Gaelic Football TO RAISE A MONUMENT.

Kildares and Kerrys to Clash To-morrow in Memory of Tim Hayes.

A monument is to be erected to the memory of Tim Hayes, the man who introduced to this country the exciting, the skill and the brawn of Gaelic football. All the teams of the various Irish organizations that compete in Celtic Park throughout the season have taken a hand to aid the project. They will kick complimentary games until a fund of sufficient amount is raised for the monument.

To-morrow at Celtic Park the Kildare team will meet the Kerrys. Some clash, too. This will be the last time they can meet this season, and, as they have a hard score to settle, there should be action all through the game. Action

Don't Drug Yourself! This Simple Home Remedy Will Cure Your Cold

Never take drugs for a cough or cold. The relief they afford is more than offset by their disastrous after-effects. But coughing should be stopped in its first stages before the throat and bronchials become inflamed or permanently diseased.

You can make a soothing remedy that will instantly allay irritation and speedily stop your cough. Shake together in a bottle two ounces of glycerine, eight ounces of pure whiskey and half an ounce of Virgin Oil of Pine. A teaspoonful every four hours is the usual dose, and it can be taken with perfect safety by children as well as by adults.

To protect yourself against substitutes, and insure getting pure and fresh Virgin Oil of Pine, ask your druggist for an original half-ounce sealed vial. These come only in wooden cartons bearing our label. The Leach Chemical Co., Cincinnati.

A Special Election offering advanced one day.

These offerings bear about the same relation to any we have known as a Presidential election bears to any other election.

If you get the significance of that you won't need to read further.

The simple truth is—two tailors who make the most consistently good clothing for men miscalculated the volume of their business for the current season. Had a quantity of piece-ends left—cloths used for \$25 to \$35 suits and overcoats.

They came to us when we were searching the market for something out of the ordinary to give our customers on Election Day—such as we gave last year, when we had the biggest one day's business in the store's history.

And they gave us something better than we had expected.

Resinol cured itching sores on face

Awful to Look At; Sleep Broken

S. F. LOUIS, MO.—"At about eleven years of age my face was covered with a mass of scabby sores, awful to look at, and my sleep was broken up by the intense itching, and then after scratching the sores would pain me just something awful. My mother got me and came to use, but all to no purpose. A friend of mine who was Physical Director at the Y. M. C. A. at that time, told me it was a bad case, and would spread all over the body if something were not done. He gave me some Resinol Soap and Resinol Ointment, and in less than two weeks I was cured, without leaving any marks or scars whatever." (Signed) Ernest Le Pique, Jr., 3021 Dickson St., June 10, 12.
